## C625 FIXED LIFT

*Small and unobtrusive. Quiet and easy to use.*

Our biggest seller, the C625 fixed ceiling lift is remarkably compact, sleek and powerful, without compromising on features. It provides smooth and effortless transfer of patients, while offering advanced functions like a programmable digital display, a full range of safety features and a modular design that makes maintenance a snap.

With its small footprint, the C625 ceiling lift provides 7" of additional vertical clearance for patients than older models, providing more lifting height and allowing lower ceiling applications. Its quick lifting speed reduces patient transfer times by up

to half, and its return to charge option ensures the lift is always ready for work.

For the perfect balance of affordability and performance, the Angel C625 fixed ceiling lift is the answer.

### FEATURES

- Smallest lift in its class offering 7" more clearance than older models.
- Fastest lift speed available, reducing transfer time.
- 625 lbs. (283 kg) capacity.
- Applicable for all nursing lifts.
- Modular design for easy maintenance.
- Return-to-charge option.
